Payouts and Bounty Policies

Bounty Chip Rules and Procedures

1. Players are issued a chip(s) when they register for a Bounty tournament. Players are responsible for the Bounty chip(s) and are required to have their Bounty chip(s) in front of their tournament chip stacks at all times during play. The Bounty chip(s) may not be placed in or on a stack of tournament chips.
2. All Bounty tournament players are responsible for having their bounty value chip(s) available when they are all-in. When all-in, the Bounty value chip(s) must be placed in the pot and be clearly visible. Dealers must immediately call a supervisor if the Bounty is not produced. Failure to produce the bounty can result in penalties up to disqualification and/or elimination from the tournament; players may be barred from playing in future tournaments and have their accounts frozen until the Bounty is paid.
3. When a player is eliminated and there is a resulting split pot, the player in the closest position clockwise from the button, is awarded the Bounty value chip(s).
